Dedication

To SISTER GERTRUDE, so diligent in her endeavors, so representative of a way of life, so giving of herself for the well-being of others . . . a smile, a nod, a gesture that has steered in the right direction many a weary traveler on this road to nursing . . . we gratefully dedicate the 1964 CAPS AND CAPES.

The accidents in waiting are the road to be . . . their capable hands remove hazards, place stop signs, prevent careless accidents, keep the road surface paved to provide as smooth a passageway as possible.

Sister Mary David

The Caps and Capes staff is proud to honor Sister Mary David, present Supervisor of the Breaux Building, who is celebrating her 60th anniversary as a graduate of Charity Hospital School of Nursing. Her work as a Daughter of Charity has taken her to many places in the United States. She has also worked in Italy, and has spent several years in China, realizing a life-long dream of caring for unwanted children. One of the oldest living graduates of Charity, Sister Mary David has been here now since 1952.

Weary, footsore, but happy, the seniors have reached the end of the road through nursing school. Yet, as one looks out through these doors, still another road appears.

Somewhere ages and ages hence:
Two roads diverged in a wood, and I
Took the one less traveled by
And that has made all the difference.

It is to self-government, the great principle of popular representation and administration, the system that lets in all to participate in its counsels that we owe what we are and what we hope to be.

ORGANIZATIONS

Student Council

"Responsibility for good government under any democratic form of organization rests upon all, and the school should give preparation for the political life of tomorrow by training its pupils to meet responsibility, developing initiative, awakening social insight and causing each to shoulder a fair share of the government of the school." Thus lies the objective and aim of the governing division of the student body. To discuss current problems and suggest improvements, and to consider infractions of regulations with which students may be charged are the basic functions of the student body which is composed of duly elected officers and representatives from each class. The basis for our organization lies in the motto: "For the students - by the Students."

Representatives pictured above are:

Charity's Inter-Club Council, a new group on campus, was formed to provide student supervision of the financing and planning of student activities. The council is made up of all class and club presidents, or a duly-appointed representative of each, and serves as an integral part of the social program.

Inter-Club Council

"Knowledge once gained casts a light beyond its immediate boundaries." So reads the motto of Sigma Alpha Chi, the Honorary Nursing Society at Charity. The privilege of membership, the highest honor that can be achieved and enjoyed while a student nurse, is granted to junior and senior students who have maintained an outstanding scholastic average, have above average ability in practical work, and have good moral character and commendable spirit and attitude.

ΣAX

"C" Club

The promotion of school spirit, the improvement of school activities, and the development and recognition of actual school leaders and those with potential -- this is the threefold purpose of the "C" Club, an honorary service organization. Our activities planned to fulfill this purpose include: A drive for hospital articles, repair and purchase of sports equipment, and greater recognition of those "behind the scene" workers who are so often neglected. Included in future activities is an entertainment program.

Children of Mary

The ideal of Sodality is a closer union with Jesus Christ through the prayers and direction of Mary, our Mother. Sodality employs its zeal in integrating our Christian way of life. Guest speakers, Evenings of Recollection and Scriptural studies supply the topics for our discussions and activities. We sponsor the October Rosary, Animated Rosary, Children's Christmas Party, and the May Crowning. This year Sodality wishes to thank Sister Blanche and Sister Mary Louise for their direction, and the student body for its cooperation and participation. The Baptist Student Union is a Christ-centered, church-loyal and student-led organization. It seeks to present a well-rounded program of social and religious activities through which the student nurse may mature in her faith and Christian personality. It seeks to relate the student nurse to a local church.

Activities of the Baptist Student Union include a weekly devotional period on Thursday and participation with Baptist Medical Fellowship in a Protestant Luncheon each Friday.

Occasional seminars are held with the Baptist Medical students and nurses of the city relating to religion and profession.

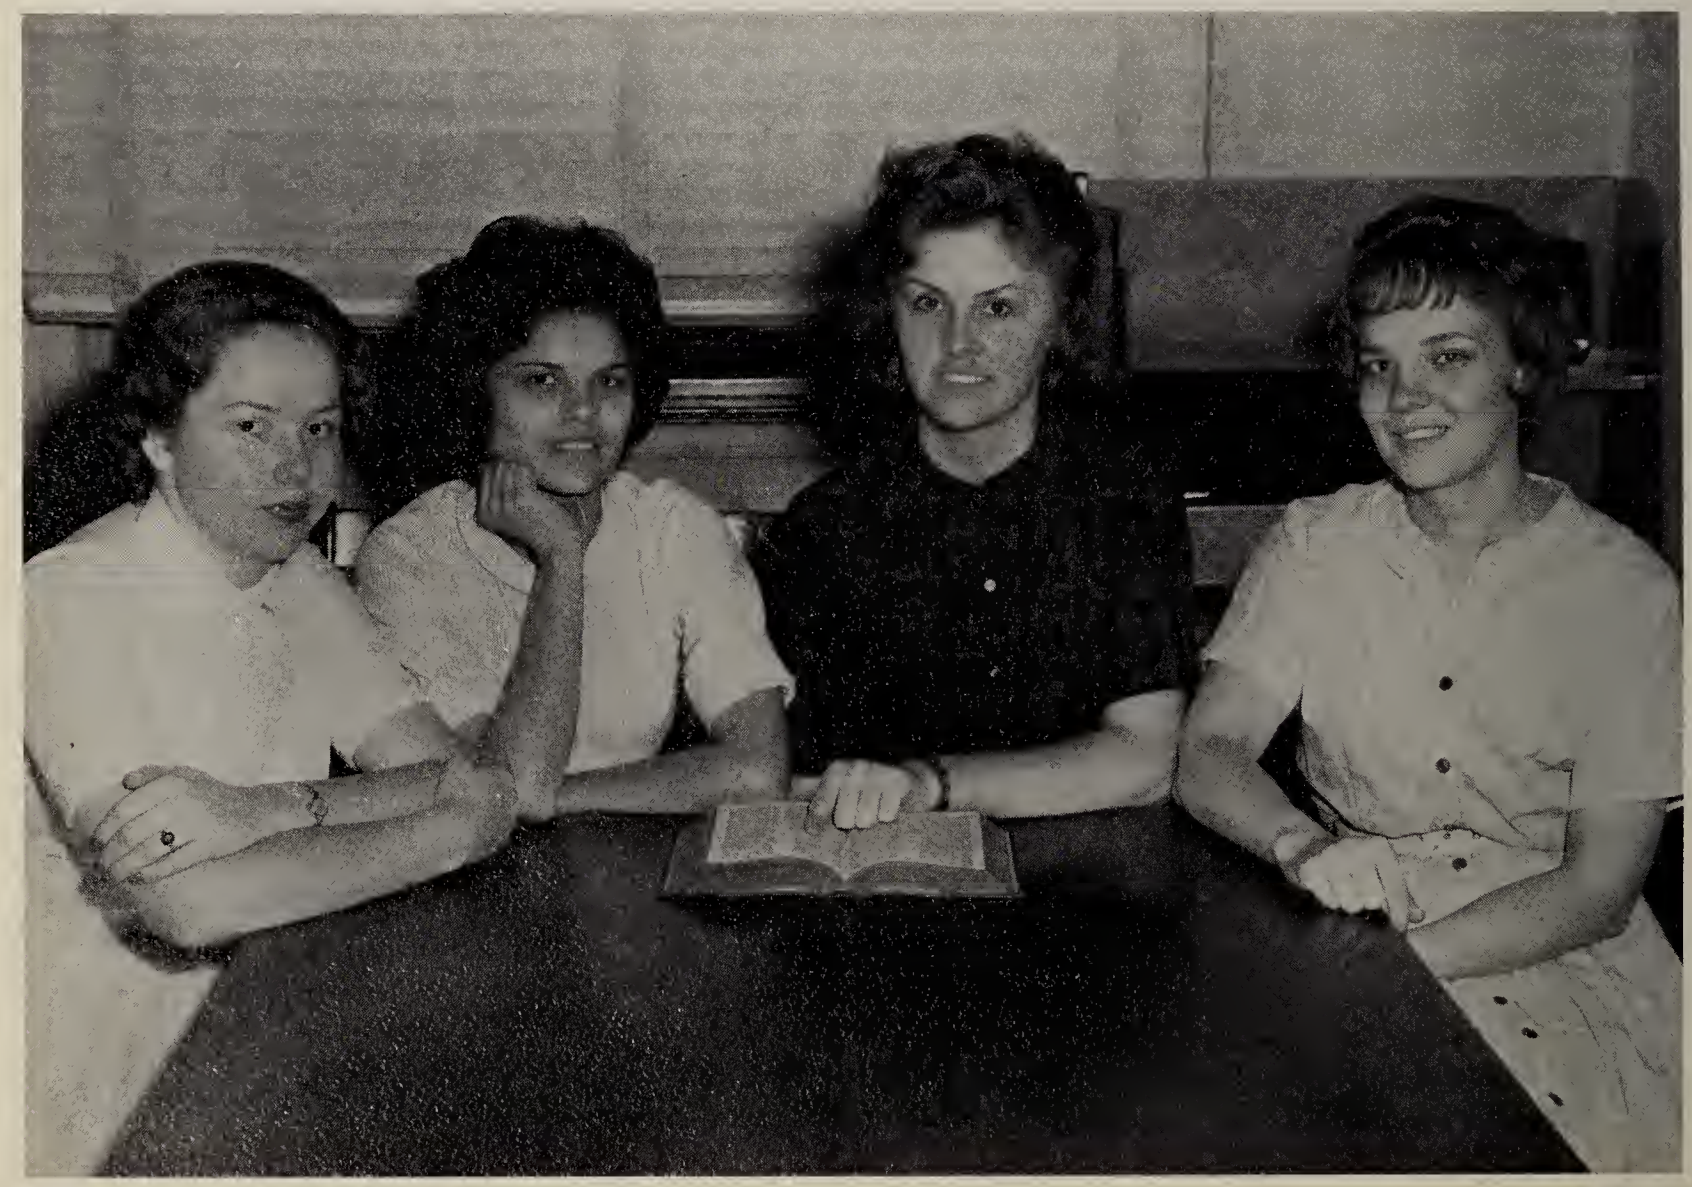

Students attend the annual state convention in November and the state spring assembly in April.

The Charity BSU joins with other groups in the city to sponsor both a pre-school retreat and a Focus Week. The Focus Week in February provides a team of spiritual leaders for messages, counseling and instruction in the deepening of spiritual life.

The choral club is an organization which hopes to provide fun and entertainment for our members and for our audiences. We meet once a week and drill music; the work seems hard but if we present a good program, this is our reward. We have sung for organizations, social and church, in the city and for numerous school functions. We hope in the future to provide singing activities for the student body and guests in the form of a "Hootenanny."
